**PETITION TO CHARGE OMITTED FEE
TO DEPOSIT ACCOUNT**

Applicants, by their undersigned attorneys, hereby petition the Commissioner to charge to Deposit Account No. 04-1406 a petition fee that was inadvertently omitted from their reply to the December 9, 2002 Notice To Comply With Requirements For...Sequence Disclosures (hereinafter "the Notice To Comply") in the above-identified patent application. A copy of the Notice

To Comply is attached hereto as Exhibit A. The facts and circumstances on which the present petition is based are set forth hereinbelow.

After filing a timely response to Notice To File Missing Parts Of Nonprovisional Application, dated March 15, 2002, which response included sequence information, the aforementioned Notice To Comply was issued December 9, 2002, because the computer-readable form was found to be damaged and/or unreadable. The Notice To Comply set a two-month response period, so that the initial response deadline was March 10, 2003, as March 9, 2003 fell on Sunday.

In the aftermath of the anthrax scare of 2001-2002, the United States Patent and Trademark Office (PTO) adopted procedures to facilitate submission of sequence information including a sequence listing in electronic form. These procedures were set forth in a notification captioned Attachment to Notice To Comply With Requirements...Sequence Disclosures, a copy of which is attached hereto as Exhibit B.

One of the filing procedures adopted by the PTO, as indicated in Exhibit B, was mailing by Federal Express, United Parcel Service or other delivery service. Due to the extraordinary events that prompted adoption of these alternative filing procedures, the undersigned believed (mistakenly, as explained in a phone discussion with Special Programs Examiner William Dixon on or about January 11, 2006) that sequence information filed via delivery service would be accorded the date of deposit with the delivery service as the date of filing. In this case, Applicants' response to the Notice To Comply was deposited with Federal Express on March 10, 2003, with a certification to that effect, and included a petition for a one-month extension of the response period. According to the image file wrapper of the above-identified patent application accessible through the PTO's PAIR System, Applicants' response to the Notice To Comply was accorded a filing date of March 10, 2003. Furthermore, an Official Filing Receipt was issued in due

course.

The actual date of receipt by the PTO of Applicants' response to the Notice To Comply was March 11, 2003, as shown by the official date stamp on the postcard receipt, a copy of which is attached hereto as Exhibit C.

The petition for extension of time included with Applicants' response to the Notice To Comply, as well as the body of the response itself authorized that any deficiency or required fee be charged to Deposit Account No. 04-1406 of Dann Dorfman Herrell & Skillman. This authorization should be treated as a constructive petition for a further one-month extension of time for Applicants to have filed their response to the Notice To Comply, as provided in 37 C.F.R. §1.36(a)(3). Of course, the further month's extension of the response period should have been accompanied by an additional fee, which was the omitted fee in this case. The Commissioner is hereby authorized to charge the amount of the omitted fee to Deposit Account No. 04-1406 of Dann Dorfman Herrell & Skillman. It is believed that \$300.00 is the appropriate amount of the omitted fee, as of the March 10, 2003 filing date of Applicants' response to the Notice To Comply. A duplicate copy of this paper is enclosed to facilitate such charging.

The omission of the extension fee payment, as discussed above, only recently came to the attention of the undersigned, upon routine review of Applicants' file, resulting from discussions with Examiner Nashed concerning a proposed examiner's amendment. The omission of the petition fee payment was the result of a mistake made in good faith, and without any deceptive intent.

If any fee is required for consideration of the present petition and/or if any further extension fee is due, such fees are also authorized to be charged to Deposit Account No. 04-1406.

It is respectfully requested that the present petition
be granted.

Respectfully submitted,
